

ERA.MIN3: Raw materials for sustainable development and circular economy

Objectifs

Funding opportunity for companies, universities, research institutes, NGOs and public authorities.

Research and innovation actions within the theme of "raw materials for sustainable development and circular economy" at transnational level.

25 European/non-European research funding organisations (from countries and regions).

The scope of the 2023 call is on minerals and metals extracted from primary or secondary sources, specifically non-fuel, non-food raw materials addressing one or several areas of the raw materials sustainability scheme.

Soumission : 07 décembre 2022

Durée : 24 à 36 mois

Porteur(s) : [Haute Ecole](#)

Conditions d'éligibilité

Each consortium must comprise at least three independent legal entities, eligible and requesting funding, from the participating Funding Organisations of at least THREE different countries, where at least one country is an EU Member State or an EU associated Country named in this call.

At least half of the partners in a consortium must belong to countries participating in the Call.

Applicants not requesting funding can be partners of the consortium.
